

ATW Health Capabilities Statement

Established in 2014, ATW Health Solutions has earned national recognition for its work transforming healthcare delivery systems from ordinary to best-in-class. ATW Health Solutions is a U.S. Small Business Administration (SBA) 8(a), Women-Owned Small Business (WOSB) social impact and advisory consulting company based in Chicago, Illinois. With a focus on improving quality, safety, and health equity. ATW Health Solutions has partnered with public and privately-held organizations and government agencies to transforming systems locally and nationally. Founded by healthcare transformation expert and visionary Dr. Knitasha Washington, ATW Health Solutions is a values organization driven by bold aims and goals to improve healthcare for all.

At ATW Health Solutions we **thrive on innovation** and apply an **evidence-based approach** by embedding data and analytics into our performance measurement systems and solutions. Our client solutions **seamlessly integrate patient-centeredness and equity** as core strategies representing measurable inputs and outputs - resulting in **demonstrated value**.

Our Vision. Continually transform healthcare delivery and policy to improve the lives of all people.

Our Mission. Expand the use of data and evidence to transform healthcare delivery systems and positively impact health outcomes of all people through strategic partnerships collaborating with people, patients, caregivers, governments, providers, payers, businesses, and researchers.

Award Winning

ATW Health Solutions is proud to have served as a subcontractor for the Centers for Medicare & Medicaid Services (CMS) Partnerships for patients from 2011 - 2019. In 2016 Dr. Washington received the highlight of awards and recognition from CMS for the work and contribution shaping the Patient and Family Engagement and Health Equity strategies and programs in partnership with the Hospital Engagement Networks which resulted in an estimated **87,000 lives saved, 2.1 million fewer patient harms, and \$19.8 billion in cost savings**.

20+ years of raising healthcare standards. We are solutions oriented & people focused.
